

## HVAC & Refrigeration Mechanic

Kings Dominion has an immediate opening for the position HVAC & Refrigeration Mechanic in Doswell, Virginia. This full time position will report to the HVAC Supervisor.

### **JOB SUMMARY:**

Installs, monitors, constructs, maintains and repairs heating, ventilation, chiller systems, air conditioning and refrigeration (HVAC/R) systems throughout the Park. Maintains and repairs all food and beverage cooking equipment throughout the Park. Responds to service calls. Performs related work as required.

### **QUALIFICATIONS:**

- 1-3 years of HVAC/R experience
- Must maintain Required Control System Operations Certifications.
- Demonstrate ability to work in an independent environment with minimum supervision and deliver against set goals.
- Strong time and project management skills and experience.
- Advanced written and oral communication skills, experience in public presentations, superior spelling, punctuation, and grammar.
- Ability to work nights and weekends as required by business and account demands.
- Proficient in basic business software applications (Word, Excel, PowerPoint, Outlook) and comfortable with learning new software.
- Ability to pass a mandatory (or random) drug test and background check, which may include, but is not limited to credit, criminal, DMV, previous employment, education and personal references, per Company policy.
- Strong, instinctive work ethic.

### **ESSENTIAL DUTIES AND RESPONSIBILITIES:**

- Operates vacuum pump, recovery unit, forklift, drills, JLG man lift, etc. Uses meters, gauges, shop tools, electrician tools, diagnostic equipment, volt meters, and analyzers.
- Maintains park's chiller plant, boiler systems, food service equipment.
- Maintains and operates Fire Effects systems. Conducts daily safety operational checks and checklists, maintains wage logs, inspect burner assemblies and gas valves. Conducts minor repairs as needed, coordinate with Rides Maintenance to start and stop effects; burn off effects adhering to manufacturer and park standards.
- Conducts winterization and startup. Flush outdoor drink systems, restarts all equipment and check buildings for problems with equipment related systems before park opening. Flush, drain, and add necessary chemicals.
- Troubleshoots and services problems and equipment failures. Responds to service calls for refrigeration units such as walk-in freezers, coolers, ice machines, soft service machines, prep coolers and display cases.

- Installs, monitors, maintains, repairs and retrofits HVAC&R equipment and systems throughout the Park. Performs preventative maintenance for refrigeration units and HVAC&R systems: changes belts, bearings, greasing, etc.
- Troubleshoots and makes repairs to HVAC&R systems such as direct expansion units, chilled water units, 1-25 tons, electrical, gas units and exhaust/hood systems.
- Adheres to and enforces all park policies and procedures, including safety, attendance and EEO policies, and demonstrates commitment to guest service in all aspects of employment.
- Other duties as may be assigned.
